Dr. Claude E. Hawley
2430 E Street, N. W.
Washington 25, D. C.

Dear Claude:

I am enclosing the [] proposal, drawn up in staff study form as per your request. This should go to Jack Shaffer and it should be indicated to him that this has been discussed verbally very briefly by []

It should be explained to DD/P that this is not a project which [] wishes to push with great vigor on its own initiative. The man in question is highly recommended on grounds of competence by those who have worked with him. He has another option which he will have to take up by Friday, the 26th, if the Agency is not interested. If you could get me an indication by Thursday night I would greatly appreciate it.

Sincerely yours,

[]
